## **PRESS RELEASE**

### **CONVEYANT SYSTEMS, INC. AND 911 ETC ANNOUNCE AGREEMENT**

Santa Ana, California, MAY 30, 2008 -- Conveyant Systems, Inc., the telecommunications industry leading supplier of PC-based Attendant Console applications, and 911 ETC, a proven industry leader in the E-911 market, announced they have signed an Agreement for the resale and integration of their products.

Tim Kenyon, President of Conveyant Systems, stated, "We believe this relationship will offer a great benefit to both companies as well as our customers, and we're excited about the new opportunities this presents. 911 ETC's experience, superior product and competitive pricing were just some of the reasons Conveyant Systems has chosen to sign this Agreement.

Kenyon also added, "The integration between our proven TeleDirectory™ Console application and 911 ETC's products will simplify the data management task for our customers, in a secure and confidential manner. We believe 911 ETC's products will compliment our TeleDirectory product line and provide a powerful means to address the E-911 market.

"911 ETC is excited about the opportunity to provide an expanded solution through the Conveyant product line regarding Enhanced 911," Dave Ellis, Director of Sales and Marketing stated.

Larry Scott, 911 ETC's President commented, "We are proud to partner with Conveyant Systems. Their recognition for the need to be able to provide customers with Enhanced 911 service is testament to the fact that they are concerned with providing the client a complete, overall solution."

#### ABOUT CONVEYANT SYSTEMS, INC.

Founded in 1987, Conveyant Systems develops, manufactures and markets call handling and processing systems for the Centrex and PBX marketplace. With over 6000 PC-based Consoles installed around the world, Conveyant remains the leader in specialized console applications and directory products. Conveyant's modular approach to application design provides for a variety of applications in healthcare, hospitality, public service, government, financial and higher education markets. Visit Conveyant Systems' website at <http://www.conveyant.com> or contact Conveyant Systems at (800) 634-3688 for more information about our company, products and services.

## ABOUT 911 ETC

Founded in 1997, 911 ETC is chartered to create diverse, converging technologies in public safety through its core competencies of designing and building individual E911 solutions. 911 ETC provides Enhanced 911 Data Management Solutions to ensure safety, while addressing the mandated E911 statutes throughout the entire United States. The company assists in the task of interfacing a PBX/VoIP Network with the local PSAP (Public Safety Answer Point) to provide Automatic Number Identification and Automatic Location Identification necessary for all Enhanced 911 calls.
