## **PRESS RELEASE**

### **CONVEYANT SYSTEMS, INC. ANNOUNCES SENTRY™ E9-1-1 SOLUTIONS FOR THE AVAYA AURA/COMMUNICATIONS MANAGER**

Santa Ana, California, May19, 2011 -- Conveyant Systems, Inc., the telecommunications industry leading supplier of PC-based Attendant Console applications and E9-1-1 Solutions, announces it's Sentry E9-1-1 Solutions for the Avaya Aura/Communications Manager.

“Sentry augments the robust emergency call handling capabilities of the Avaya Aura/CM and is an effective tool to assist enterprises in protecting themselves and their customers in an emergency by providing critical location discovery and on-site notification when a 9-1-1 call is placed. Our latest integration to the Avaya Aura/CM broadens our existing portfolio, and provides purpose built, cost-effective 911 solutions to the entire Avaya user community regardless of the voice infrastructure,” stated Tim Kenyon, President of Conveyant Systems.

Kenyon added, “Sentry offers customization and flexibility to enterprises, and can assist them in meeting E9-1-1 regulations. Conveyant will be demonstrating Sentry E9-1-1 Solutions at the upcoming IAUG Global Conference May 22 – 26, 2011 at Caesar’s Palace in Las Vegas. Stop by our booth #609 and learn more about Sentry, and how it can help organizations maximize 9-1-1 call management.”
